

# Cross Connection Control Reporting Form

## City of Bridgeport, Utilities Department

The safety of Bridgeport's water is very important. The Nebraska Department of Health and Human Services requires water utilities in Nebraska to have all water customers inspect their plumbing systems for potential cross connections with the public water supply and ensure these connections are properly protected against backflow or back-siphonage. **Completion of this survey is a CONDITION of water service, failure to complete and return this form puts your water system in Violaton of State Health Department Regulation Title 179.**

Service Address:
Customer No:
Please Indicate if you are the:
Owner <input type="checkbox"/> Tenant <input type="checkbox"/> Both <input type="checkbox"/>

**Please return the survey within 14 days of receipt. Thank you for assisting in compliance with State regulations and protecting Bridgeport's drinking water.**

	Yes	No
<b>Plumbing Cross Connection Type</b> <b>(Please return survey even if no cross connections are present)</b>		
<b>1.</b> Is there an underground lawn irrigation system connected to the water supply for this address?	<input type="checkbox"/>	<input type="checkbox"/>
If yes, is it protected by a testable backflow preventer?	<input type="checkbox"/>	<input type="checkbox"/>
If yes, does the irrigation system have a pump?	<input type="checkbox"/>	<input type="checkbox"/>
If yes, does the irrigation system have a chemical or fertilizer system attached to it?	<input type="checkbox"/>	<input type="checkbox"/>
