PWCC

City Council Notes October 2024

Woman's Volleyball league started, and we have 21 participants. Pickleball will also be moving indoors soon and that has been very popular. In the next couple months, we will be starting up youth pickleball. We have seen an increase in 24/7 forms being filled out and hopefully more and more people will start to utilize that.

I have had a couple questions come up about using the facility and what the rate will be. The first is for a family reunion. They want to use the basketball court, pool table, racquetball room as well as meeting rooms. Is there a set fee for the group to use the facility since none of them will be members and also do we need a waiver for each guest or can I just do 1 waiver that the person booking can sign? The second is a non-profit children's program that would be using the gym once a month. This one I would like to let them use it for no charge but I believe that needs to be approved so I have attached their flyer as well.

I have attached a quote for the new security system. I would like to get approval for Alarm Security Technicians to install the new system at the Center. The total would be \$9,411.90 for the new system and added cameras. We added cameras to the entry doors so you can see who is coming and going as well as cameras in the rooms the seniors utilize. The new cameras will be better quality, have audio capabilities, I will be able to view from my phone, they can be linked straight to Milo if the need arises as well as far better customer service than our current company.

*Starting September,
2024!*
